

An Invitation

TRANSITION TOWNS BREAKFAST

Come have breakfast with Australian experts, Sonya Wallace and Janet Millington from Think Green Consulting in QLD. They are at the forefront of the Transition Town movement being rapidly adopted by cities and Councils across Australia.

Transition Towns support local community and business-led action on both climate change and peak oil. They do this by building community resilience through positive action. In Alice Springs we have a lot of creativity and a strong desire to live better in the desert, look at Alice Solar City! Come and be part of the solution.

Monday 21 September 2009

**All Seasons Oasis, Gap Road, Alice Springs
Commencing at 7.30am until 9am**
